INTERNATIONAL STUDIES

LAKE LAND
COLLEGE

Why is Lake Land College right for you?

- Affordable cost of living in east-central Illinois.
- One of the safest community colleges in Illinois.
- Application process is free and simple.
- A textbook rental program means no additional costs for most textbooks.
- A partner in the Illinois iTransfer initiative, which makes transfer to a 4-year university of your choice easy and simple.
- Small class sizes facilitate personal and consistent interaction between you and your instructors.
- STEM-focused associate degrees that are transfer ready, including Engineering, Physics, Chemistry, Bioscience, Pre-med and more.
- Transfer ready degrees in specialty markets such as Agriculture, Business, Communication Studies, Criminal Justice and Early Childhood Education.
- Top-tier transfer university opportunities.
- A student body of various ages and backgrounds.
- Open admission policy that provides academic support to all levels of students.
- TOEFL not required; Intensive English Language Program if you need to focus on improving your English skills.
- Housing options adjacent to campus.
- Centrally located between Chicago, Indianapolis and St. Louis with several airport options.

TRANSFER READY
GUARANTEED
ANY MAJOR. ANY UNIVERSITY. ANY STATE.

STEPS TO GUARANTEE SUCCESSFUL TRANSFER

1 PICK YOUR MAJOR

2 >>NARROW<< your transfer college choices to three or less by fall semester of freshman year

3 MEET WITH A COUNSELOR or your advisor to create your transfer plan.

4 GRADUATE

5 TRANSFER >>> successfully

Lake Land College's expectation is to work with you to create an individualized plan that will provide a seamless transfer in any major, to any university, in any state. Lake Land College utilizes the 2+2 model where a student completes two-years of course work with Lake Land College before transfering to a four-year university. We are intentional about advising students for successful transfer. We have several online resources as well as the Transfer Resource Room where you can meet with four-year college transfer coordinators and view materials from universities around the country.
