

2024 ANNUAL ENROLLMENT REPORT

M. Lynn Breer, PhD
Office of Institutional Research

Introduction

The Annual Enrollment Report provides an overview of enrollment data for a single fiscal year. All annual data in this report (i.e., fiscal year or annual) consists of data from summer, fall, and spring terms in that order. For example, 2024 annual enrollment data encompasses data from summer 2023, fall 2023, and spring 2024.

Data presented in this report reflect information from the annual enrollment report (A1) submitted to ICCB. Data reflect students enrolled at some point in time during the 2024 fiscal year of July 1, 2023 through June 30, 2024. The following tables provide information by student demographics separated by Department of Correction (DOC) and regular college students along with enrollment by program for college students and enrollment by facility for DOC students.

The overall total student enrollment for Lake Land College in fiscal year 2024 was 8,778 students who attempted a total of 113,463.5 credit hours. The total number of college students for Fiscal Year 2024 was 6,342 students who attempted 84,617.5 credit hours. Lake Land enrolled a total of 2,436 DOC students who attempted 28,846 credit hours. Totals across tables may not necessarily match consistently. This is due to missing data.

Lake Land's Enrollment and Credit Hour Summary for FY2024			
Student Type	Enrollment	Credit Hours	FTE
College Students	6,342	84,617.5	2,820.6
DOC Students	2,436	28,846.0	961.5
Total Students	8,778	113,463.5	3,782.1
Credit Hours are based on total attempted credit hours from the A1 report submitted annually to ICCB.			

Student Demographics

Lake Land College's student enrollment is based on two groups of students. The first group is composed of degree seeking and non-degree seeking college students. The second group of students consists of students enrolled at Lake Land through the Department of Corrections (DOC). Lake Land's contract with DOC provides the resources for Lake Land to deliver academic services to twenty-five correctional centers throughout the state of Illinois. Table 1 provides the number and percent of student demographic information based on the annual college student population of 6,342 students or the annual DOC student population of 2,436 students, and the combined student population of 8,778. For example, of the 6,342 college students 3,191 (50.3%) are female and 3,129 (49.6%) are male. Of the 2,236 DOC students, 2,242 (92%) are male, and of the total 8,778 students 5,371 (61.2%) are male and 3,385 (38.6%) are female.

Table 2 displays student enrollment by degree type and division for college students and for DOC students. The degree type and division are determined by the declared major of the student. For example, if a student has a major of AA.ART then she would be included under the AA degree and humanities division. For college students, AAS (20.4%) and AA (14.7%) seem to be the most popular degree types. Close to one fourth of college students are dual credit (23.4%) students who are enrolled in high school and taking college level courses through their high school for college and high school credit. Almost another fourth of college students (22.3%) are enrolled in undecided technical and NDP programs. These programs include trainings, heart saver CPR, and adult education. The vast majority of DOC students (67.9%) are enrolled in CRT programs while 29.5% of DOC students are undecided technical and NDP enrollees. The Allied Health (12.9%) and business (12.9%) divisions have the highest enrollment for college students followed Social Science and Education (8.7%).

Disability	202	3.2%	3	0.1%	205	2.3%
*Student load status is based on number of attempted hours in the fall term. Full time indicates students attempted 12 or more credit hours and part time means students attempted less than 12 credit hours. Students not enrolled in fall are considered part time students.						
*Race may have more or less than the total number of students by type. If more, than student indicated Hispanic as ethnicity and a race, if less, than race of some students is unknown.						
NOTE: The frequency and percentage students by demographic is based on the enrollment for that group of students (i.e., college or DOC) not on total annual enrollment.

Degree type and division are indicated by declared major of students.						

Enrollment for College Students

Table 3 provides a summary of annual enrollment by program for the 2019 through 2022 fiscal years. Programs are organized by division and each division is totaled. In FY2022, Lake Land College enrolled 1,069 AA students (33.6% of degree seeking students), 1,284 AAS students (40.4% of degree seeking students), 18 AES students (0.6% of degree seekers), 45 ALS students (1.4% of degree seekers), 166 AS students (5.2% of degree seekers), and 573 certificate students (18.0% of degree seekers).

¹Data in this table excludes DOC students.

Enrollment for Department of Corrections Students

Table 4 gives the total number of enrollees for each Department of Correction (DOC) site. LLC served a total of twenty-five DOC sites and 2,436 DOC students over the FY2024 academic year. The COVID pandemic continued to impact educational services at many of the correction centers. While enrollment at the correctional centers increased from FY2021, it continues to fall short of the pre-COVID pandemic enrollment numbers at most of the correctional centers.

Table 4: DOC Student Annual Enrollment by Site					
Correctional Center	FY2020	FY2021	FY2022	FY2023	FY2024
Big Muddy River	183	1	69	119	170

Western	290	38	79	100	155
Total	5,388	749	1,426	1,849	2,436

Table 5 displays the total headcount and credit hours by fiscal year for college students and DOC students between FY2008 and FY2022. Headcount for college students peaked between FY2012 and FY2014 and has experienced a steady decline between FY2014 and FY2018 with an upsurge in FY2019 a drop in FY2020, an increase in FY2021, and another drop in FY2022 that continues through FY2024. Headcount for DOC students steadily increased between FY2008 and FY2014 which can be due to the extension of services to additional correctional facilities between FY2011 and FY2014. However, DOC enrollment has also dropped between FY2014 and FY2018 with an increase in FY2019 and a major decrease in FY2021 due to the COVID pandemic and a steady increase between FY2022 and FY2024. Part of the decrease between FY2014 and FY2018 is due to the closing of Dwight Correctional Center and the lack of a state budget within that timeframe. While headcount for college students peaked in FY2014, the number of credit hours peaked in FY2013 and has been steadily declining since then with a slight increase in FY2019 and FY2020. The inverse relationship between college student headcount and credit hours indicates that students are taking fewer credit hours.

Table 5: Total Students and Credit Hours by Fiscal Year and Student Type						
Year	College Students		Correctional Students		Total	
	Heads	CH	Heads	CH	Heads	CH
2007-2008	13,507	138,240.50	3,352	43,929.00	16,859	182,169.50
2008-2009	12,880	138,745.50	3,304	42,363.00	16,184	181,108.50

2023-2024	6,342	84,617.5	2,436	28,846.0	8,778	113,463.50
Credit Hours are based on totals from end of term reports which represent registered credit hours after the drop date. Beginning in FY21 credit hours are based on total attempted hours from A1.						

Figure 1 provides a summary of Lake Land College's annual enrollment compared to the state average enrollment at all 39 community colleges in Illinois. Over time, Lake Land College has maintained a consistently higher enrollment than the state average for community colleges across Illinois until FY2022 when Lake Land enrollment dropped below the state average, which has continued into FY2023.

Figure 1: Annual Enrollment for Lake Land and Average of All Illinois Community Colleges
