Title: **Table 1: Lake Land College Dual Credit Report for All District High Schools**

[1]Dual credits are the number of credit hours accumulated by high school students that are taking a college level class through their local high school and are acquiring both high school and college credits for the class. Dual enrolled credits are college level credits accumulated by high school students who are taking a college level class for college credits only.

[2]Tuition and fee saving calculations are based on the cost of tuition and fees at Lake Land Collge for the reporting year indicated. For example, the tuition and fee savings in this table is based on the cost of tuition and fees per credit hour for the reported academic year.

Non Dual Credit Students	1,150		1,007		1,029		1,043	
Enrolled at LLC year following HS Graduation	567	49.3%	294	29.2%	272	26.4%	350	33.6%
Number Graduated from LLC within 3 Years[1]	131	23.1%	119	40.5%	59	21.7%	112	32.0%
Number with Associate in Arts	41	31.3%	24	20.2%	11	18.6%	15	13.4%
Number with Associate in Applied Science	58	44.3%	44	37.0%	17	28.8%	34	30.4%
Number with Associate in Science	13	9.9%	27	22.7%	21	35.6%	37	33.0%
Number with Certificates	19	14.5%	24	20.2%	11	18.6%	26	23.2%
Number Transferred to Four Year University/College[2]	71	12.5%	80	27.2%	31	11.4%	73	20.9%

[1]Represents the number of students who graduate from LLC within 3 years of enrolling AFTER high school graduation. For example, this number represents the number of students who graduated from high school in 2006 and who graduated by 2009 from LLC. In addition, students may have received multiple degrees. For example, a student may receive an AAS and one or more certificates as well. As a result, the number of degrees may exceed the the total number of students who graduated.

[2]These students are not necessarily graduates of Lake Land College. However, they did attend LLC for at least one semester before transferring to a four year university/college. Due to the data available on all high school students within the district, LLC is only able to report on the non dual credit students who actually attend LLC for at least one term.

Note: Data are from the National Student Clearinghouse. While most colleges and universities across the nation provide data to the Clearinghouse a small percentage do not. In addition, Lake Land does not always have all the data needed for submission to the Clearinghouse (i.e., birthdates, middle initials, etc.). These two factors result in a small percentage of missing students records.
