

# LAKE LAND COLLEGE

2015-2016

## Annual Financial Aid Report

OFFICE OF INSTITUTIONAL RESEARCH  
M. LYNN BREER

## Introduction

The following report provides an overview of Lake Land College's students receiving some type of financial assistance (i.e., federal, state, and/or institutional) for the 2015-2016 (fall 2015, spring 2016, and summer 2016) financial aid reporting year. This report provides a summary of student and parent demographics for financial aid recipients, the funding source (e.g., federal, state, or institutional), and the type of award received (e.g., grant, loan, scholarship, etc.). The summary tables attached to the report provide specific numbers and percentages of students receiving the specified types of aid.

Students may receive multiple types of financial aid depending on whether or not they meet eligibility criteria set for the various funding sources. Students eligible for any type of federal aid<sup>1</sup> including grants and loans as well as state grants<sup>2</sup> must be enrolled in an eligible program and for one full credit hour during at least the fall, spring or summer term to receive these types of financial aid. Eligible programs include degree or certificate programs consisting of 16 or more credit hours. In addition, these students must complete and submit the Free Application for Federal Student Assistance (FAFSA) form.

Other types of aid are also available that do not require students to complete the FAFSA form. These include state veteran grants<sup>3</sup>, available to Illinois residents with military backgrounds as well as some institutional<sup>4</sup> scholarships and grants.

During the 2015-2016 financial aid reporting year, Lake Land College had 13,965 credit seeking students enrolled. This number excludes both the Department of Corrections students and the dual credit high school students but includes dual enrolled students (i.e., high school students taking both dual credit classes and college classes for college credit). Of these 13,965 students, 4,519 (32.4%) of them were enrolled in an eligible program with at least one credit hour during one term.

## Demographics of Lake Land College Students Applying for and Receiving Financial Aid

- Close to 32% of all enrolled credit seeking students were in eligible programs for federal or state financial aid.
- Of the 4,519 students enrolled in eligible programs, 2,996 (65.6%) completed the FAFSA form.
- Of the 2,996 students who applied for federal or state financial aid by completing the FAFSA form, 73% of them (2,174) received some type of federal or state financial aid.

---

<sup>1</sup> Federal aid includes grants such as Pell, Federal Supplemental Education Opportunity Grants (FSEOG), and Academic Competiveness Grants (ACG), as well as subsidized loans, unsubsidized loans, PLUS loans, and alternative loans.

<sup>2</sup> State Grants include the Monetary Award Program (MAP) and the Illinois Incentive for Access (IIA).

<sup>3</sup> State veteran grants include the Illinois Veteran Grant, National Guard grants, MIA/POW grants, and the veteran vocational rehabilitation grants.

<sup>4</sup> Institutional scholarships and grants include scholarships from the Lake Land College Foundation as well as talented student awards, tuition waivers, and federal or state grants the College receives to distribute to students for assisting with the costs of education (e.g., TRIO and Boost). Tuition waivers are granted to College employees, the children of employees, and senior citizens. In addition, institutional scholarships include scholarships from local community programs and businesses that are funded through the foundation. Tuition waivers are granted to College employees, the children of employees, and senior citizens.

- An additional 303 Lake Land College students that did not complete the FAFSA form received some type of veteran's grant and/or Lake Land College Foundation or external scholarships.
- A total of 48.1% (2,174) of students enrolled in eligible programs (4,519) received some type of federal or state financial aid.
- A larger proportion of full time students both applied for and received financial aid than part time students.
- Table 1 has more detailed information regarding a breakdown of Lake Land College students that applied for and received financial aid.

### **Student and Parent Demographics for those Applying for and Receiving Financial Aid**

- Slightly more than half of the students who completed a FAFSA were financially dependent on their parents.
- Around 75% of the financially independent students received financial aid while 72% of students financially dependent on their parents received financial aid.
- The majority of students who applied for financial aid (83.6%) were single. No matter the student's marital status more than 60% of those that applied received financial aid.
- Sixty-one percent of students financially dependent on their parents had married parents and 69% of these students received financial aid. A higher proportion of financially dependent students whose parents were single, divorced, or widowed received financial aid than students whose parents were married (80%, 81%, and 74% respectively).
- Both financially dependent and independent students whose income exceeded \$50,000 received financial aid at a lower rate than students whose income was less than \$50,000.
- Financially dependent students whose parental income was less than \$50,000 received financial aid at a higher rate than those students whose parents earned more than \$50,000.
- Table 2 has more detailed information regarding parental and student demographics and financial aid.

### **Federal Financial Aid (PELL, FSEOG, ACG, Work Study, and Post 9/11 GI Bill, and Loans-subsidized, unsubsidized, PLUS, and Alternative)**

- Of the 2,966 students who applied for aid, 1,833 individual students (62%) received at least one type of federal aid consisting of a grant, loan, or work study. These students received a total of 2,634 federal awards.
- Around 71% of the students that applied for federal funding received grants, 24% received loans, less than 2% received work study and 2% received the Post 9/11 GI Bill. More traditional aged students (23 and younger) applied for federal aid; however, non-traditional aged students (24 and older) received federal aid at a higher rate than traditional students (73% and 55% respectively).
- In the 2015-2016 reporting year, more women applied for and received federal aid than men.
- While a few more part time than full time students applied for financial aid, they received federal aid at a very similar rate (63.2% and 60.5% respectively).
- Students who are financially dependent on their parents and whose parents were single, divorced or widowed received federal aid at a higher rate than students with married parents.

- A larger proportion of financially independent and dependent students with an annual income of less than \$50,000 received financial aid than students with incomes over \$50,000.
- Financially dependent students whose parents had annual incomes under \$50,000 received financial aid at higher rates than those whose parents had higher incomes.
- Table 3 has more detailed information regarding federal financial aid recipients.

### **State Financial Aid (MAP)**

- A total of 465 individual students (15.7%) who applied for financial aid received a state MAP grant.
- More traditional aged students applied for financial aid than non-traditional students; however, approximately the same percentage of non-traditional and traditional aged students received state grants (16% and 15.1% respectively).
- More women than men applied for and received a MAP grant.
- Full time students received state aid at a higher rate than part time students.
- A higher percentage of financially dependent students, whose parents were single, divorced or widowed, received state aid than financially dependent students whose parents were married.
- A larger proportion of financially independent and dependent students with an annual income of less than \$74,999 received financial aid than students with incomes over \$75,000.
- A higher percentage of financially dependent students whose parents' incomes were less than \$74,999 received financial aid than students whose parental income exceeded \$75,000.
- Table 4 has more detailed information regarding state financial aid recipients.

### **Veterans Financial Aid**

- A total of 131 individual students received an Illinois veteran's grant. The majority of these students were sophomores.
- Over half of these students were under the age of 29.
- More non-traditional students than traditional students received one of these awards.
- Sixty-six percent of these students were part time.
- Table 4 has more detailed information regarding state financial aid recipients.

### **Institutional Financial Aid (Tuition Waivers, Talented Student Awards, College Grants, Foundation and External Scholarships)**

- A total of 791 individual students received at least one form of institutional aid during the 2015-2016 reporting year. These students received 1,160 awards.
- A total of 127 students received a tuition waiver.<sup>5</sup> Around 59% of these students were under the age of 29 and 54% were non-traditional students (i.e., 23 or older). Sixty percent of these students were women, and 73% were part time students.
- A total of 142 students received a Presidential Scholarship. All of these students were 22 and younger, 70% were women, and 92% were full time.

---

<sup>5</sup> Tuition waivers are granted to employees, children of employees and senior citizens that take classes at LLC.

- One-hundred and one students received an Athletic Scholarship. All of these recipients were between the ages of 17 and 22. The majority of these students are sophomores, 56% are women, and 19% of athletic scholarship recipients are foreign students.
- Other types of talented student awards include scholarships for academics, agriculture judging, and work and learn students. 71 students received a talented student award for one of these areas.
- A total of 366 students received at least one Lake Land College Foundation scholarship. The majority of these students were full time students under the age of 29.
- Twelve students received a Lake Land College (i.e., Trio) grant during the 2015-2016 reporting year.
- A total of 341 students received external scholarships.<sup>6</sup> The majority of these students were traditional aged students and attended college full time.
- Table 5 has more detailed information regarding institutional aid recipients.

### **Award Amounts**

- Of the 1,833 students who received some type of federal financial aid, 1,741 (95%) received need based federal aid and 153 (8%) received non-need based federal aid.<sup>7</sup> These students received an average of \$4,083.
- A total of 1,741 individual students received federal need based financial aid including PELL and FSEOG grants as well as work study dollars and subsidized loans. On average these students received around \$4,968 for the academic year.
- Pell grant recipients received an average of \$3,540 and subsidized loan recipients received an average of \$2,391.
- Federal non-need based aid consisting of three types of loans was distributed to 153 individual students. These students received an average of \$3,379 for the academic year. Only 47 students received PLUS or Alternative loans. The average amount of alternative and PLUS loans was more than twice the average amount of subsidized and unsubsidized loans.
- A total of 594 students received some kind of state need based or non-need based grant.
- 465 students received need based state grant and 131 students received some type of veterans grant. The average MAP recipient received around \$1,048.
- Institutional financial aid includes LLC foundation scholarships, talented student awards, tuition waivers, and grants received by LLC to disseminate to students such as the TRIO grants. 611 students received some type of institutional aid from LLC.
- Presidential Scholarship recipients received an average of \$2,766 to cover tuition.
- Athletic Scholarship recipients received an average of \$5,984.
- Other talented award scholarship recipients received an average of \$2,655.
- Foundation scholarships averaged about \$813 and tuition waivers averaged \$1,0721.
- 341 students received external scholarships which averaged around \$2,074.

---

<sup>6</sup> External scholarships consist of scholarships provided by district businesses or scholarship programs that award scholarships to students and the funding is provided through the foundation in the name of the business or program.

<sup>7</sup> Need based aid is based on the student/family's income and non-need based aid is not based on income. These categories are NOT mutually exclusive. Students can receive both need based and non-need based aid in the same academic year. As a result, the total percentage of students who receive need based and non-need based aid, in all likelihood, will exceed 100%.

- Table 6 has more detailed information regarding number and amount of financial aid awards.

### **Summary of Number and Percent of Students Receiving Any Aid over Time**

- For the 2011-2012 Financial Aid reporting year, a total of 16,943 students were enrolled and seeking credits at Lake Land College. Of these students 5,682 (33%) were enrolled in programs eligible for receiving federal or state financial aid. During this reporting year a total of 3,475 students received some type of federal, state, and/or institutional financial aid. Twenty percent of credit seeking students received some type of financial aid and 61% of students enrolled in eligible programs received some type of financial aid.
- For the 2012-2014 Financial Aid reporting year, a total of 16,012 students were enrolled and seeking credits at Lake Land College. Of these students 5,812 (36%) were enrolled in programs eligible for receiving federal or state financial aid. During this reporting year a total of 3,360 students received some type of federal, state, and/or institutional financial aid. Twenty-one percent of credit seeking students received some type of financial aid and 58% of students enrolled in eligible programs received some type of financial aid.
- For the 2013-2014 Financial Aid reporting year, a total of 15,978 students were enrolled and seeking credits at Lake Land College. Of these students 5,190 (32.5%) were enrolled in programs eligible for receiving federal or state financial aid. During this reporting year a total of 2,780 students received some type of federal, state, and/or institutional financial aid. Seventeen percent of credit seeking students received some type of financial aid and 54% of students enrolled in eligible programs received some type of financial aid.
- For the 2014-2015 Financial Aid reporting year, a total of 15,203 students were enrolled and seeking credits at Lake Land College. Of these students 4,715 (31%) were enrolled in programs eligible for receiving federal or state financial aid. During this reporting year a total of 2,445 students received some type of federal, state, and/or institutional financial aid. Sixteen percent of credit seeking students received some type of financial aid and 52% of students enrolled in eligible programs received some type of financial aid.
- For the 2015-2016 Financial Aid reporting year, a total of 13,965 students were enrolled and seeking credits at Lake Land College. Of these students 4,519 (32%) were enrolled in programs eligible for receiving federal or state financial aid. During this reporting year a total of 2,444 students received some type of federal, state, and/or institutional financial aid. Seventeen percent of credit seeking students received some type of financial aid and 54% of students enrolled in eligible programs received some type of financial aid.

<sup>1</sup> Eligible students for financial aid include students who are degree or certificate seeking students enrolled in an eligible program with a minimum of at least one full credit hour for one term during the academic year.

<sup>2</sup> Number of students that applied for financial aid include only those students who completed the FAFSA application and who were enrolled in LLC with at least 1 full credit hour in the academic year. This number also assumes that all students applying for LLC Foundation Scholarships also complete the FAFSA.

<sup>3</sup> Received financial aid is presented in two ways. The percent eligible column represents the percent of students enrolled in eligible programs who received some type of financial aid, and the percent applied column represents the percent of students who applied for FAFSA and received any type of financial aid.

<sup>4</sup> Includes students who received some type of financial aid such as a scholarship or grant that did not require them to complete the FAFSA.

<sup>1</sup>Number of students are NOT mutually exclusive by category. A student can receive multiple types of financial aid. However, the total numbers represent the number of unique students receiving aid in that category.

<sup>2</sup>Need based aid is based on the student's and/or family's income depending on whether or not the student is financial independent or dependent on the parents. Non need based aid is not based on income. Students can receive both need based and non need based aid in the same year.
