LAKE LAND COLLEGE

To: Lake Land College Board of Trustees
From: Dr. Josh Bullock, President
Subject: Proposed 2027 Fiscal Year Operating Budget
Date: July 1, 2026

The proposed FY 2027 budget for Lake Land College is presented in the following pages.

In preparation for the FY 2027 budget, a new budget development process and updated tools were introduced to enhance clarity and precision. Expenditure categories were expanded for greater accuracy and aligned more closely with broader expense objects. Additionally, during a mid-year review of the FY 2026 budget using the new budgeting tools, several expense categories were identified as misaligned within the approved budget, and adjustments were made to the expenditures by object.

Using the new budget development process, FY 2027 budget expenditures are presented differently than in prior years. The adjusted FY 2026 estimated actual expenditures by object are included in this budget book to provide a more direct comparison to the proposed FY 2027 budget.

Total FY 2027 budgeted expenditure for all funds is \$117,431,686, a decrease of \$238,363 from the FY 2026 budgeted expenditure of \$117,670,049. Significant changes in the FY 2027 budget include increases of \$1,334,062 in the Education fund (excluding SURS), \$808,695 in the Operations and Maintenance (Restricted) fund, and \$506,650 in the Bond and Interest fund. The budget also includes decreases of \$739,590 in the Operations and Maintenance fund, \$168,425 in the Auxiliary Enterprises fund, \$1.7 million in the Restricted Purpose Fund (excluding SURS), and \$262,938 in the Liability, Protection and Settlement fund. The SURS pass-through amount remained at \$22,399,785 and was moved from the Education fund to the Restricted Purpose fund.

The FY 2027 operating budget (Fund 1 and Fund 2) is balanced, with estimated income of \$38,985,315 and corresponding expenditures. This represents a net increase of \$594,472 from FY 2026, excluding the SURS pass-through.

The following categories highlight significant changes to revenues and expenses for FY 2027 compared to the approved FY 2026 budget. Note that some expenditure increases or decreases within specific objects resulted from the budget realignment process.

Revenue Increases:

- An increase in the tuition rate and student fees, coupled with anticipated enrollment growth, accounts for \$1,211,824 in additional revenue.
- Anticipated additional property tax revenue due to increased equalized assessed valuations and CPPRT results in a revenue increase of \$983,000.
- Changes in grant administration fees add \$16,000 in revenue.

Revenue Decreases:

- Adjustments to actual revenue for DOC and DJJ overrides reduce revenue by \$370,891.
- Changes to state appropriations for credit hour reimbursement, equalization, and CTE reduce revenue by \$886,434.
- Reductions in other revenue account for a decrease of \$295,277.

Expenditure Increases:

- Staffing changes and compensation adjustments for contractual and non-contractual staff, including full-time, adjunct, and part-time pay, increase expenditures by \$616,551.
- Remediating prior year budget discrepancies in employee benefits, combined with anticipated benefit cost increases, adds \$1,825,194 in expenditures.
- Utility rate increases add \$431,854 in expenditures.
- Reconciling prior year budget variations in contractual services adds \$677,447 in expenditures.
- Adjustments to non-operational emergency reserves, contingencies, and pledged funds add \$164,073 in expenditures.

Expenditure Decreases:

- Reductions in general materials and supplies, travel and meeting expenses, fixed charges, and related contingencies reduce expenditures by \$1,925,483. Additionally, \$1.3 million of these savings result from removing the budget for one-time expenditures and contingency items from the operational budget and requesting that the Board approve the use of up to \$1.3 million in interest earned in the FY 2026 operating fund balance to be used for unplanned contingency items as needed throughout the year.
- Capital outlay reductions save \$84,744 in expenditure.
- Aligning Scholarships, grants, and waivers expenses with historical expenditures saves \$662,851.
- Adjustments to actual expenses for interfund transfers save \$425,969.

The FY2027 budget is presented to the Board of Trustees following a measured, comprehensive planning process designed to sustain a high-quality student experience while preserving the College's long-term financial strength.

FINANCIAL STRUCTURE

Revenues and Expenditures of Lake Land College are divided into various funds to accomplish the overall mission and objectives of the College. Those funds are defined as follows:

EDUCATION FUND

The Education Fund is used to account for the revenues and expenditures of the academic and service programs of the college. It includes the cost of instructional, administrative, and professional salaries; supplies and equipment; library books and materials; maintenance of instructional and administrative equipment; and other costs pertaining to the educational programs of the college.

OPERATIONS AND MAINTENANCE FUND

The Operations and Maintenance Fund is used to account for expenditures for the improvement, maintenance, repair, or benefit of buildings and property, including the cost of interior decorating and the installation, improvement, repair, replacement and maintenance of building fixtures, rental of buildings and property for community college purposes, payment of all premiums for insurance upon buildings and building fixtures, salaries of janitors, technicians, or other custodial employees; all costs of fuel, lights, gas, water, telephone service and custodial supplies and equipment; and the cost of professional surveys of the condition of College buildings.

OPERATIONS AND MAINTENANCE FUND (RESTRICTED)

The Operations and Maintenance Fund (Restricted) is used to account for monies restricted for building purposes and site acquisition.

BOND AND INTEREST FUND

The Bond and Interest Fund is used to account for payment of principal, interest, and related charges on any outstanding bonds.

AUXILIARY ENTERPRISES FUND

The Auxiliary Enterprises Fund accounts for College services and activities which are self-supporting and are not absolutely essential to the mission of the College. Examples of these activities are: Food Service, Bookstore, Athletics and Student Organizations.

RESTRICTED PURPOSES FUND

The Restricted Purposes Fund is for the purpose of accounting for monies that have external restrictions regarding their use.

WORKING CASH FUND

The Working Cash Fund is used to account for the proceeds of Working Cash Bonds. By making temporary transfers, the Working Cash Fund is used as a source of working capital. Such temporary transfers assist operating funds in meeting the demands for ordinary and necessary expenditures of temporary low cash balances.

TRUST AND AGENCY FUND

The Trust and Agency Fund is used to receive and hold funds when the College serves as custodian or fiscal agent for another body. The College has an agency rather than a beneficial interest in these monies. There is no budget for this fund.

AUDIT FUND

The Audit Fund is established for recording the payment of auditing expenses and the audit tax levy.

LIABILITY, PROTECTION, AND SETTLEMENT FUND

The Liability, Protection, and Settlement Fund is used to record levies and expenditures for tort liability, medicare insurance, FICA taxes, unemployment insurance, and workers compensation.
