To encourage enrollment of continuing students for the Fall 2019 semester, Dr. Bullock said the administration is seeking to once again offer an incentive that would follow the same guidelines as the enrollment incentive program for the Spring 2019 semester. Dr. Bullock said this incentive would be limited to Lake Land students who are currently registered for Spring 2019 classes and who register for Fall 2019 classes by May 10, 2019. These students would be entered into a drawing for a chance to win one of ten tuition waiver scholarships that would be applicable for Fall 2019 only and would cover in-district tuition for up to 15 credit hours in which the student is enrolled at tenth day of the fall term. Chair Storm asked Trustees if they had any concerns for the administration to proceed with this enrollment incentive offer. Following unanimous consensus support, Dr. Bullock said the administration will proceed with announcing this enrollment incentive and the ten tuition waiver scholarships will be brought to the Board for approval at the May 13, 2019, meeting.

Dr. Bullock said the administration is developing partnerships with up to six rural high schools throughout the district to seek funding through the USDA for a Distance Learning and Telemedicine Grant. He said the goal is to implement a Rural Education Delivery System (REDS) that will utilize a Polycom solution to remotely connect Lake Land College to each participating high school site with high definition video and audio conferencing capabilities, as well as establish connections between the high school sites themselves. He said this would allow Lake Land to deliver General Education Core Curriculum (GECC) courses to students at the rural high schools through a variety of potential methods. The grant would cover 85 percent of the system cost and matching funds for each participating site would be approximately \$7,400. Dr. Bullock said the College has proposed to cover the matching cost for each partnering high school as long as the high school commits to recognizing Lake Land College as the sole provider of GECC dual credit courses for the school district. He also said this cost will be built into the FY 2020 budget. Chair Storm asked Trustees if they had any concerns for the administration to proceed with formally submitting this grant application. Following

Lake Land College Board of Trustees Minutes – April 8, 2019 Page **13** of **13**

unanimous consensus support, Dr. Bullock said this will be brought back to the Board for approval if the College's grant proposal is awarded by the USDA.

There was no additional discussion.

Adjournment.

Student Trustee Philpot moved and Trustee Steward seconded to adjourn the meeting of the Lake Land College Board of Trustees at 7:30 p.m. Motion carried with unanimous voice vote approval.

RE: College-Wide Standing Committees FY 2020

I respectfully request the Lake Land College Board of Trustees approve the attached list of FY 2020 College-Wide Standing Committees. This is being presented per Board Policy 02.09 which states that the College President shall annually recommend to the Board the list of standing committees, their purposes and their membership composition. This recommendation is being submitted following a thorough review of each committee's prior year accomplishments and validating the on-going need for each committee included on the recommended list.

Upon approval by the Board, the administration will begin the process of confirming individuals to serve in the various positions as identified by job position for each committee. This process will also include confirmation of individuals to serve on the College's task forces and review boards. Selection of appropriate committee, task force and review board members will be conducted in consultation with each bargaining unit as outlined in their respective collective bargaining agreements.

RE: FY 2020 Part-Time Rates and Stipends

Please find attached the proposed FY 2020 Part-Time Rates and Stipends for your consideration and following a thorough evaluation by the administration of the current rates. Due to the minimum wage increase that will go into effect January 1, 2020, our proposed part-time rates will be in effect July 1, 2019 through December 31, 2019, and thus not the entire fiscal year. Our plan is to update the part-time rates later this year and bring a recommendation back to the Board for consideration at that time.

The principal objective of our compensation program is to ensure the institution is able to attract, motivate, and retain a highly qualified workforce in a cost-effective manner. The attached document reflects various increases to help the College remain competitive and retain a highly competent staff. For example, it is recommended we increase adjunct faculty wages by \$25.00 per credit hour by the number of semesters taught effective fall semester, 2019. This increase and other various proposed stipends and part-time rates increases as detailed on the attachment will allow for fairness and consistency across the institution and reward employees for their dedication and performance.

It is respectfully requested the Board approve the proposed stipends for FY 2020 and part-time rates for the period July 1, 2019 through December 31, 2019.

RE:

March 2019 Financial Statement Summary

Outlined below are the budgetary variances of note for the month of March for Fiscal Year 2019.

Area(s) of Concern:

• Local Source revenue – as previously indicated, the FY2018 audit that the figures used for EAV were total EAV rather than the rate setting EAV figures. Given that we use this as the basis for setting the local source budget amount for the year means that the budget estimate for FY2019 is overstated. Adjusting for the "rate setting EAV" amount, we now estimate we will bring in a total of approximately \$8,996,956 in local source revenue for FY2019. For the month of March there was a slight favorable variance of \$320; however, year to date we remain unfavorable by \$524,236.

Overall Variances:

- Revenue Total March revenue was \$1,944,868 resulting in a favorable variance of \$1,015,243 compared to the budgeted level. This favorable variance is attributed to receiving multiple state funding payments during the month. Year to date, revenues are unfavorable by \$673,920, with the majority of that variance being attributed to local source revenue.
- Expenditures Total March expenditures were \$1,944,868 resulting in an overall favorable variance of \$99,170. Year to date the favorable variance is up to \$3,007,604.

Revenue Variances:

Local Sources – Favorable variance during the month of March in the amount of \$320.
 As mentioned above, the year to date unfavorable variance is \$524,236 and will remain unfavorable for the fiscal year.

- ICCB Credit Hour Grant –There was a favorable variance in the amount of \$127,208 for the month of March. Year to date this line is unfavorable by \$239,236, which is due to timing.
- ICCB Equalization Grant We received multiple equalization payments during the month of March so there is a favorable variance of \$985,770 for the month. Year to date this line is now right on budget.
- Tuition & Fees March had an unfavorable variance for tuition of \$87,096 and an unfavorable variance of \$40,969 for fees. Year to date, tuition is unfavorable by \$648 while fees are favorable by \$6,131.
- Other State Sources This area remains unfavorable year to date by \$252,902 due to not receiving any CTE payments from the State of Illinois. This will correct itself once the CTE payments are received (note received in April).
- Other Revenue March had a favorable variance of \$30,010 and is now favorable year to date in the amount of \$211,331.

Expenditure Variances:

- Salary & Wages (overall) Overall the salary and wage lines had an unfavorable variance in March of \$17,359; however remains favorable year to date by \$356,962. Preliminarily, we are estimating a \$384,922 favorable variance in salaries for the year.
- Employee Benefits (overall) Overall, there was an unfavorable variance in employee benefits in March in the amount of \$4,248. Year to date this line is favorable by \$98,229. Preliminarily, we are estimating a favorable variance in the amount of \$136,283 for the year.
- Instructional Had an unfavorable variance in March of \$54,471 due to unfavorable variances in salaries and contractual services. However, year to date this area remains favorable by \$580,437.
- Academic Support Had a slight favorable variance in March of \$4,957. Year to date this area has a favorable variance of \$37,709.
- Student Services Had a favorable variance in March of \$11,592 that is primarily due to a favorable variance in salaries (\$7,193). Year to date this area is favorable by \$212,727.
- Public Service/Continuing Education This area had a favorable March variance of \$81. Year to date this area has a slight unfavorable variance in the amount of \$6,466.
- Operations & Maintenance This area had a favorable March variance of \$101,678 that was primarily driven by a \$32,005 favorable variance in salaries and \$41,636 favorable variance in utilities. Year to date, this area remains favorable by \$409,247.

- Institutional Support Had a favorable overall March variance of \$40,300. Year to date this area has a favorable variance of \$1,334,296.
- Scholarships, Grants, Waivers this shows a slight unfavorable variance for the month of March of \$4,967. Year to date, this line is favorable by \$439,654.

The corresponding monthly financial spreadsheets include a summary of all operational expenditures year to date as compared to budgeted amounts, a salary and benefits summary with FY2019 projected final spending levels, and year to date spending through March 2019 for the College's other funds (Funds 3, 4, 5, 6, 11 and 12).

RE: Proposed Revisions to Board Policy 07.01 – Admission of Students

Attached are proposed revisions to Board Policy 07.01 – Admission of Students. The proposed revisions:

- Establish an objective criteria for approving admission and course enrollment of individuals under the age of 16
- Identify a consistent means for determining academic readiness for college-level coursework ("giftedness") not dependent upon a pre-determined high school GPA or class rank which is highly dependent upon level of education and not available for all students
- Establish an approval process through which students and parents are informed of expectations related to enrollment in college courses
- Ensure communication with the course instructor, division chair, and vice president for academic services prior to the start of the semester when a gifted student is enrolled in a college course
- Establish guidelines to help prevent gifted students from accumulating a college GPA that could be a disadvantage to them in the future

I would like to present the proposed revisions for first reading by the Board of Trustees at their meeting on April 8, 2019.

I am happy to answer any questions you or board members may have regarding the proposed revisions to Board Policy 07.01 Admission of Students.

Admission of Students

Admission requirements are to be published in the College Catalog. All applicants for admission are required to file an official Intent to Enroll form. Students are admitted according to the current residency policy of the College. (See Board Policy No. 07.06.)

Lake Land College does not deny admission to a person on the basis of race, color, sex, age, religion, national origin, ancestry, disability, marital or civil union status, veteran sexual orientation, or any basis of discrimination precluded by applicable federal and state statutes.

Lake Land College admits students in the following categories:

- 1. High school graduate.
- 2. Recipient of a GED Certificate.
- 3. Transfer student from an accredited college.
 - 4. Non-high school graduate 18 years of age or older. However, in order to be eligible for Title IV financial aid, a student admitted to the College without a high school diploma or GED diploma must "pass" a U. S. Department of Education approved standardized test.
 - 5. Student whose connection with a secondary school is severed. Any student who is 16 years of age or over and has severed connection with a secondary school, as certified in writing by the chief executive officer of the secondary school in which the student has legal residence, is eligible to attend the College in accordance with the policies of the Board.

6. A student currently enrolled in a secondary school program may be accepted into a college course(s). If such courses are offered during the regular school day established by the secondary school

Page 1 of <u>23</u>

Board Policy

07.01

or are offered for secondary school credit, prior approval of the chief executive officer of the secondary school district must be received.

- 7. Student in a program for a special group.1
- 78. A gifted student less than 16 years of age may enroll in course work at Lake Land College. A gifted student is defined as a student who is judged to possess exceptionally high academic ability by both the secondary school/home school in which the student is enrolled and the College.

A student must meet the following requirements to enroll as a Lake Land College gifted student:

- A. Be in the upper 10% of his/her class, as certified by school officials.
- B. Have a 3.75% grade point average (based on a 4.00 scale) for prior semester or term.
- C. Have joint approval of the President of Lake Land College and the chief executive officer of the school on the Gifted Student Admissions form.
- A. Be identified as a gifted student by the secondary school/home school in which the student is enrolled and have approval of the school's chief executive officer on the Gifted Student Admission form.

- B. Demonstrate college readiness by meeting college-level placement in two of three areas (reading, English and mathematics) as determined by ACT, SAT or college placement test and meet any minimum placement requirements identified for a specific course.
- C. Submit the Gifted Student Admission form with all required approvals to the office of Admissions and Records.

Page 2 of 3

Board Policy 07.01

- D. Gifted students are limited to enrollment in one academic course during their first term of enrollment and may enroll in two courses each semester thereafter if they maintain a Lake Land College cumulative grade point average (GPA) of 3.0 or higher.
- E. A gifted student who reaches the age of 16 will follow requirements in the appropriate category (1-7) above.

Lake Land College reserves the right to request testing of prospective gifted students.

8. Student in a program for a special group.¹

RE: Approval of Tuition Waivers for Fall 2019

To generate excitement on campus and facilitate increased enrollment for Fall 2019, a college-wide enrollment campaign was kicked off to encourage all currently enrolled students to complete their Fall 2019 registration by Friday, May 10.

The campaign informed students that a drawing would be held for all students who were registered for Fall by May 10th, and ten lucky winners would be drawn and awarded a full in-district tuition waiver for next Fall!

College faculty and staff were informed of the campaign through College email and discussions at all employee group meetings. Students were informed of the campaign through the College's website, social media, email, text messages, postcards sent to their home addresses and personal communications from their instructors, academic advisors and other College staff.

The ten lucky winners will be drawn following the May 10th deadline and, with final approval from the Board of Trustees, will be awarded their certificates the week of May 13th. We are hoping to capture photos of each winner receiving their "prize" and thanking them for attending Lake Land College.

I would like to ask the Board for their approval to award the certificates at their May 13th meeting and am happy to answer any questions they may have.

Additional information about the tuition waiver incentive that was shared on the College's website:

The incentive is limited to Lake Land College students who are currently registered for Spring 2019 classes and are registered for Fall 2019 classes by May 10th.

The tuition waiver is applicable for Fall 2019 only and covers in-district tuition for all credits in which the student is enrolled at tenth day of the spring term. Winners may choose to attend full-time or part-time.

Winners will be responsible for the cost of fees.

Because tuition is based on residency, out-of-district and international student winners will be charged the difference between the in-district tuition waived and their current tuition rate. Students who already receive a full-tuition waiver will not be awarded a second waiver. There is no "cash back" or applying the waiver to another term.

RE:

Technology Division Gift-in-Kind

The Foundation office recently received four new Rheem furnaces, five new residential central air units and one minisplit sv from Connor Company with an estimated value of \$37,091.47. This gift was received by the Foundation, thanks to the efforts of faculty member, Kris Kersey. The units will be used for educational purposes in the Technology Division and hopefully with the Effingham Regional Career Academy.

I respectfully request the Board of Trustees move to accept this donation from the Lake Land College Foundation on behalf of Connor Company.

RE: Lake Land College Magazine Bid Results

The College recently solicited bids for the printing and mail preparation of the 2019 Summer and Fall and 2020 Spring Lake Land College Magazine. The bid packet was distributed to 22 companies, advertised in the newspaper and posted on the College's bid website. Four companies submitted bids.

I recommend Specialty Print Communications of Niles, Illinois as the lowest bidder meeting specifications. I have received positive feedback from past customers. The samples the company submitted in the bid process were of excellent quality.

I would like to request that the Board of Trustees approve Specialty Print Communications with a bid of \$52,713 as the lowest bid meeting specifications for the printing and mailing preparation of the magazine for the 2020 fiscal year.

I will be in attendance at the meeting if there are questions.

Re:

Approval of Bid New Parking Lot Islands

The College recently solicited bids for new parking lot islands, to replace the islands in parking lots A and F and the alignment adjustment of Podesta Drive.

For the bidding process, we advertised in major daily in-district newspapers and on the College's Facilities website, and mailed the specifications to area contractors. A total of 3 bids were received. Below is a listing of the bids that were received:

| <u>Name</u> | <u>Total Bid</u> |
|---------------------------------------|------------------|
| VEYA, Inc. Champaign, IL | \$231,000.00 |
| Howell Paving Mattoon, IL | \$222,101.02 |
| Grunloh Construction Effingham, IL | \$239,000.00 |

Based on the bids received, it is my recommendation that we award this bid to Howell Paving of Mattoon, IL, in the amount of \$222,101.02 for the New Parking Lot Islands.

Please do not hesitate to contact me if you have any questions or need any further clarification.

RE: Lake Land College Marketing Services Bid Results

The College recently distributed a Request for Proposals for Comprehensive Digital Marketing Services for Fiscal Year 2020. The bid packet was emailed to eight companies, advertised in the newspaper and posted on the College's bid website. We received bids from eight companies.

The Marketing & Public Relations staff reviewed the proposals for fulfillment of requested information, ability to provide requested services, price points and additional service fees. After that initial review, we selected three companies for a thorough analysis and price comparison. Both spreadsheets are attached.

The objectives of this request for proposals included 1. Identify a single firm to partner with for strategy development; 2. Create efficiencies reducing the number of current vendors from five to one; and 3. Maximize our digital media investment across platforms and have the flexibility to shift investments among platforms based on campaign performance.

With these goals in mind, we are recommending the college enter into an agreement with Hyfn Local/WTWO/WCIA to provide our digital marketing services. The company's proposal was very thorough and personalized to Lake Land College, including research that showcased how its services could improve results and generate leads. The company offers the resources of national expertise with local service, including Alumnus Tim Sanders, Laker Nation Class of 2003.

We have worked with WTWO and WCIA representatives in the past and have had positive experiences. In addition, the proposal includes several thousands of dollars in added value such as quarterly video production valued at up to \$5,000; quarterly appearances on WCIA TV's CI Living local lifestyle show valued between \$250-\$500 per segment; and bonus display impressions of 5% for months in which the college's investment exceeds \$10,000 on both WTWO.com and WCIA.com.

The agreement will cover the first six months of the fiscal year and allow us to lock in pricing in a fluctuating digital advertising marketplace.

I would like to request that the Board of Trustees approve the attached agreement between Hyfn Local/WTWO/WCIA and Lake Land College for Digital Marketing Services from July 1, 2019 to December 31, 2019. I will be in attendance at the meeting and would be glad to answer questions.

Hyfn Local, WCIA and WTWO agree to provide digital marketing services to Lake Land College over a 6-month period beginning July 1, 2019 and ending December 31, 2019. Lake Land College and Hyfn Local will select the specific strategies within the College's marketing budget to meet the College's objectives. Those services will be billed to the College on a monthly basis at a rate outlined in Hyfn Local's proposal to the College's RFP for Comprehensive Digital Marketing Services in April of 2019.
