Student Report

Ms. Jacqueline Schertz, Student Trustee, said on February 21, 2024, student life celebrated black history month with a themed trivia game. On Wednesday, March 13, the Student Activity

Lake Land College Board of Trustees Minutes – April 8, 2024 Page **7** of **22**

Board (SAB) hosted the advising pizza party where students were able to learn more about advising as well as check in with the advisors on the next steps. She said the final day to fill out the intent to graduate was on March 15 and the following week voting took place which we have brought to the Board to approve as an agenda item later this evening. Ms. Schertz said the Student Government Association (SGA) was able to take care of student requests for a microwave in the west building break room. On Wednesday students were able to stop by Luther Student Center to vote or prove that they already have voted for a sweet treat. She said it was fun seeing the campaign posters around campus that week. She also said there was a club contest taking place for the Laker food pantry contest where clubs had different boxes and the Broadcasting club won, earning \$50 for their club. On March 27 the SAB event was free cookies and crafts advertising for the spring art show taking place on April 24 and last Wednesday we hosted our club luncheon where Robert Morse, our Vice President of SGA presented, followed by the disability visibility panel. Students had the opportunity to hear from Laker students and employees living with both visible and invisible disabilities. During SGA's meeting we approved a new club and that makes three new clubs this year. During the solar eclipse earlier today, the student life office was able to pass out 400 solar glasses to our students! She said advocacy day is April 18 and SGA members are planning to represent our college and speak with politicians in Springfield. We are also hosting our April Blood drive on the 18 through the American Red Cross. She said the club carnival is in May and we are still looking for volunteers to brave the dunk tank. She said if anyone feels so inclined, we would be more than excited to put your name down!

President's Report.

Dr. Bullock gave the following updates:

- The College did not receive a payment from the Illinois Department of Corrections (IDOC) or the Illinois Department of Juvenile Justice (IDJJ) in March toward the FY 2024 outstanding balance. A total of \$934,277 remains outstanding for IDOC and \$142,671 remains outstanding for IDJJ.
- In March, the College received payments from the State of Illinois for FY 2024 credit hour reimbursement of \$361,260 and equalization of \$587,861. A total of \$1.5 million remains outstanding for credit hour reimbursement, \$1.6 million for equalization.
- The College received \$4,186 in property tax payments in March.
- Finally, the College will be observing summer hours of operation for energy savings beginning on Friday, May 17.

Business - Non-action Items.

Quarterly Investment Report.

Mr. Gary Swearingen from SC3F Wealth management Group (formerly Wells Fargo Advisors) presented during the meeting and summarized key data in the Quarterly Investment Report for the period ending March 31, 2024. Each trustee received a copy of the report.

Yes: Trustees Cadwell, Curtis, Lilly, Reynolds, Storm, Walk and Wright.

No: None.

Advisory Vote: Student Trustee Schertz voted yes.

Absent: None. **Motion carried.**

Declaration of Surplus Item(s) or Equipment.

Dr. Bullock requested the Board declare as surplus the blades and Nacelle that have been removed from the South Wind Turbine. He reported that even though these items were removed from the South Wind Turbine several years ago the College had to keep the items since they were partially purchased with Community Based Job-Training (CBJT) grant funds from the U.S. Department of Labor. He said the CBJT grant required us to wait 10 years after the conclusion of the grant prior to disposing of any equipment and the CBJT grant ended in 2013 so we are now able to surplus these parts.

Trustee Lilly moved and Trustee Wright seconded to declare as surplus the blades and Nacelle that have been removed from the South Wind Turbine so that these items may be disposed of in a manner most beneficial to the College.

There was no further discussion.

Roll Call Vote:

Yes: Trustees Cadwell, Curtis, Lilly, Reynolds, Storm, Walk and Wright.

Approval of New Student Club – the Swiftie Nation Club.

Trustees reviewed a request from Ms. Lisa Shumard-Shelton, Director of Student Life, requesting the Board approve a new student club – the Swiftie Nation Club. Trustees received the proposed student club constitution which has been approved by Dr. Valerie Lynch, Vice President for Student Services, the student Judicial Committee and the full board of the Lake Land College Student Government Association (SGA). In a memo provided by Ms. Shumard-Shelton she reported the following:

- The purpose of this club is to give Taylor Swift fans a place to gather and discuss theories, songs, albums and to analyze lyrics as well as share their passion for the music of Taylor Swift. Any currently enrolled student may join.
- This club is open to any current Lake Land College student who wishes to join.
- The full-time Faculty/Staff Co-Advisors are Andy Cougill, Librarian and Nichole Ogilvie, Athletic Trainer.

Trustee Reynolds moved and Trustee Walk seconded to approve as presented the request for a new student club- The Swiftie Nation Club.

Approval of Proposed Revisions to Board Policy 05.04.04 - Work Week.

Lake Land College Board of Trustees Minutes – April 8, 2024 Page 11 of 22

Dr. Bullock recommended the Board approve proposed revisions to Board Policy 05.05.04 – *Work Week*. Trustees reviewed details of the proposed revisions. Dr. Bullock said the College launched a pilot Flex Work / Remote Work program in the summer of 2022. He said that Ms. Dustha Wahls, Director of Human Resources, reported that as we near the end of the pilot program we are seeking to add language to Board Policy 05.04.04 to codify this as a College program and no longer in the pilot phase.

Trustee Curtis moved and Trustee Walk seconded to approve as presented proposed revisions to Board Policy 05.04.04 – *Work Week*.

There was no further discussion.

Roll Call Vote:

Yes: Trustees Cadwell, Curtis, Lilly, Reynolds, Storm, Walk and Wright.

No: None.

Advisory Vote: Student Trustee Schertz voted yes.

Approval of Revised Academic Calendars.

Trustees heard a presentation from Dr. Bullock, on behalf of the Academic and Enrollment Calendar Committee, for the Board to approve revised academic calendars for 2026-2027. Trustees reviewed a memo from Dr. Lynch reporting that due to an oversight, the 2026-2027 calendar did not include the College being closed on Monday, July 5, 2027, for Independence Day. Dr. Bullock said the proposed, revised academic calendars also adjust the dates for the end of the summer term to allow for the proper number of instructional days.

Dr. Bullock reported that the recommended calendars comply with requirements established in Board Policies 06.03 *Academic Calendar* and 05.20 *Holidays and Summer Work Week* and satisfy the requirements of the Illinois Community College Board and the collective bargaining agreement between the Lake Land College Faculty Association and the Board of Trustees.

Trustee Lilly moved and Trustee Wright seconded to approve as presented the academic calendars for 2026-2027.

There was no further discussion.

Approval of Purchase of Master Tool Kits for EV Maintenance and Repair Training from Snap On Industrial.

Lake Land College Board of Trustees Minutes – April 8, 2024 Page **12** of **22**

Dr. Bullock recommended the Board approve the purchase of three master tool kits from Snap On Industrial at a total cost of \$37,202.25 for use by the Technology Division to train students in the electric vehicle (EV) maintenance and repair. Trustees reviewed the quote received from Snap On for the price of one EV Cart Original Maintenance Tool Kit.

Dr. Bullock said the Board accepted the ICCB Rev Up EV grant earlier this year, and funds from this grant will be used for this purchase. Additionally, during the March 2024 regular meeting the Board approved the purchase of tool kits from Snap On. He said after participating in training on the products, Automotive instructor Mr. Brian Madlem determined that what he had initially requested were not the best items to utilize in the classroom. Mr. Madlem requested instead of the kits approved by the Board for purchase in March 2024, the automotive technology program would like to purchase three different master tool kits from Snap On tools at a total cost of \$37,202.25.

Trustee Reynolds moved and Trustee Walk seconded to approve as presented the purchase of three EV Cart Original Maintenance Master Tool Kits from Snap On Industrial at a total cost of \$37,202.25 for use by the Technology Division to train students in the electric vehicle (EV) maintenance and repair, and rescind the Board's March 11, 2024 approval of the purchase of different EV training tool kits from Snap On at a cost of \$26,882.64.

There was no further discussion.

Roll Call Vote:

Yes: Trustees Cadwell, Curtis, Lilly, Reynolds, Storm, Walk and Wright.

No: None.

Advisory Vote: Student Trustee Schertz voted yes.

Approval of Purchase of Dynamometer for Use in the John Deere Tech Program.

Dr. Bullock recommended the Board approve the purchase of a dynamometer from AW Dynamometer, Inc. of Pontiac, Illinois, at a total cost of \$36,820, for use by the John Deere Tech program. Trustees reviewed quotes from two separate vendors and AW Dynamometer submitted the lowest quote.

Dr. Bullock noted that funds received from the FY 2024 Ullrich Grant will be used for this purchase and a formal bid was not necessary due to this being a specific item to work within the other John Deere equipment in this program.

Trustee Curtis moved and Trustee Wright seconded to approve as presented the purchase of a dynamometer from AW Dynamometer, Inc. of Pontiac, Illinois, at a total cost of \$36,820, for use by the John Deere Tech program.

Approval of Bid for Cardiac Monitor.

Dr. Bullock presented a request to the Board from Ms. Jasmine Ballard, Emergency Medical Services Coordinator, that the Board approve the bid from ZOLL Medical Corporation of Chelmsford, Massachusetts, in the amount of \$51,482.18, for the purchase of a cardiac monitor to be used by the Emergency Medical Services program. Trustees received the bid sheet detailing two bids received. Dr. Bullock noted that although ZOLL did not submit the lowest bid, they were the only vendor submitting a bid according to our specifications, including providing a CPR Case Review monitoring system that provides real time corrective feedback for improved learning. He said that additionally, ZOLL provides a four-year warranty for their product whereas the other bidder, Stryker Sales, only offered a 90-day warranty.

Dr. Bullock said that funds received from the PATH grant will be utilized for this purchase.

Trustee Reynolds moved and Trustee Curtis seconded to approve as presented the bid from ZOLL Medical Corporation of Chelmsford, Massachusetts, in the amount of \$51,482.18, for the purchase of a cardiac monitor to be used by the Emergency Medical Services program.

Approval of New One-Year Agreement and Purchase of Tableau to Expand the Data Visualization Tool.

Ms. Jean Anne Highland, Chief of Staff, recommended the Board approve a one-year purchase agreement with Tableau, a Salesforce Company, in the amount of \$64,338, to enhance our current dashboard or data visualization tool. Trustees received a document detailing the various pricing proposals for the software tool renewal and the proposed agreement from Tableau.

Ms. Highland reported that the College's current agreement with Tableau expires June 25, 2024, and provides for a Tableau server, three creators, five explorers, 100 viewers and data management. She also reported that if we renewed the agreement at the existing license level the total cost would be \$23,247.

She said that as Ms. Lisa Cole, Director of Data Analytics, has expanded our data visualization capabilities, Ms. Cole is recommending we increase our Tableau purchase to the next license level which would expand our viewers of the Tableau dashboards for up to 630 employees (viewers) and also enable a widget to be placed within our Hub for employees' easier access to the tool. Ms. Highland said that given the College's educational purposes, the College will receive a 57% discount for a one-year agreement with the increased Tableau capability, for a total cost of \$64,338. Ms. Cole has worked with the Salesforce executive for the College to consider multiple renewal options. However, the option of the enhanced level for up to 630 employees to utilize the tool at the one-year agreement cost is the recommendation of the President's Cabinet. She said the college plans to monitor in the next year how many increased users are accessing the Tableau data visualization tool before we consider a longer-term agreement.

Ms. Highland noted that a bid is not needed per the exception in Board Policy 10.22 (4.F.) - purchases and contracts for the use, purchase, delivery, movement, or installation of data

Approval of Appointment or Reappointment of Division Chairs.

Dr. Bullock presented a recommendation from Dr. Ike Nwosu, Vice President for Academic Services, for the Board to reappointment six division chairs and the appointment of one new division chair for academic year 2024/2025. Dr. Bullock said Ms. Salisa Hortenstine-Olmsted, the current Humanities and Communications Division Chair, will be retiring at the end of the Summer 2024 term, and she has been mentoring Mr. Ed Thomas, Communication Studies Instructor, during the 2023/2024 academic year in preparation of his appointment as the new Humanities and Communications Division Chair.

Dr. Bullock said that he concurs with Dr. Nwosu's recommendations and respectfully requested the Board approve the appointment or reappointment of seven division chairs as presented.

Trustee Reynolds moved and Trustee Curtis seconded to approve the appointment or reappointment of division chairs for academic year 2024/2025 as follows:

- Mr. Ryan Orrick, Agriculture Division
- Ms. Erin Swingler, Allied Health Division
- Ms. Tynia Kessler, Business Division

Approval of Six-year Generator Service Contract with Altorfer Power Systems of Urbana for the Effingham Technology Center.

Dr. Bullock presented a recommendation from Mr. Scott Rawlings, Director of Physical Plant, for the Board to approve a six-year generator service contract with Altorfer Power Systems of Urbana for the Effingham Technology Center at a total cost of \$5,432 per year. Trustees received the proposed maintenance schedule and quote for the agreement.

In his memo, Mr. Rawlings reported that Altorfer Power Systems is the current provider for the maintenance and emergency services for five Caterpillar diesel powered generators on the College's main campus to provide emergency power in the event of a utility power failure, or a utility peak-shave order, and an emergency fire pump for the John Deere Tech program. He noted the newly acquired Effingham Technology Center needs to be added to the current maintenance schedule. Altorfer has provided a proposed six-year option totaling \$32,592 over the term of the agreement or \$5,432 per year. Dr. Bullock said this agreement will put the Effingham Technology Center on the same time and maintenance schedule as the rest of the campus generators.

Dr. Bullock noted that a bid is not necessary per the exception in Board Policy 10.22 (4.E.) - contracts for the maintenance or servicing of, or provision of repair parts for, equipment which are made with the manufacturer or authorized service agent of that equipment where the provision of parts, maintenance, or servicing can best be performed by the manufacturer or authorized service agent.

Trustee Walk moved and Trustee Wright seconded to approve as presented a six-year generator service contract with Altorfer Power Systems of Urbana for the Effingham Technology Center at a total cost of \$5,432 per year.

Approval of Property, Casualty and Liability Insurance.

Lake Land College Board of Trustees Minutes – April 8, 2024 Page 17 of 22

Trustees heard a recommendation from Dr. Bullock for the Board to approve the property, casualty and liability insurance bid submitted by Employers Mutual Casualty (EMC), in the amount of \$290,930 for the coverage period April 15, 2024 through April 15, 2025. He said Dimond Brothers Insurance, the College's property and casualty insurance consultant, solicited bids from several providers, with two quotes being received and EMC provided the lowest bid. Trustees learned the proposed bid from EMC represents an increase of \$58,615 or 25.2% in costs for the current policy year that expires April 15, 2024

Trustee Walk moved and Trustee Lilly seconded to approve as presented the property, casualty and liability insurance bid from Employers Mutual Company (EMC), in the amount of \$290,930 for the upcoming policy year April 15, 2024, through April 15, 2025, and also approve the bid from EMC for a three-year student medical malpractice coverage with a premium of \$52,229 for the period April 15, 2024 through April 15, 2027 and a one-year liability coverage for the Dragster with a premium of \$1,585 for the period April 2, 2024 through April 2, 2025.

Ms. Highland presented a recommendation from Dr. Beth Craig, Grants Writer and Coordinator, for the Board to accept a one-year grant for \$100,000 from the Illinois Community College Board (ICCB) Noncredit Workforce Training Initiative Grant. Trustees received the ICCB approved grant budget. Dr. Craig reported that with the grant funds the College plans to develop a powered industrial truck (forklift) training credit certificate to offer to employees of local businesses. Ms. Highland reported the grant funds will be used to:

- Purchase a new powered industrial truck (forklift) along with forklift accessories including a paper roll clamp, a carton clamp, and propane.
- Hire a part time employee to help coordinate and teach the program, as well as a consultant to review training materials and curriculum and provide guidance to instructors.

Trustee Wright moved and Trustee Reynolds seconded to accept as presented a one-year grant for \$100,000 from the Illinois Community College Board (ICCB) Noncredit Workforce Training Initiative Grant.

MEMO

TO: Dr. Valerie Lynch, Vice President for Student Services

FROM: Jennifer Hedges, Director of Financial Aid and Veterans Services

DATE: May 6, 2024

RE: Changes to Board Policy 07.10.01 – Financial Aid Standards of Satisfactory Progress

Lake Land College completed a Program Review with the Illinois Student Assistance Commission (ISAC) in February 2024. As a result of that review, it was recommended that we update our Satisfactory Academic Progress policy to better support our students in achieving the grade point average (GPA) required for graduation.

Concerns were cited with our policy as the current escalating scale does not require students to achieve a 2.0 GPA until they have attempted 56 or more credit hours. Many of our academic programs (certificate and non-degree) are completed in much less than 56 credit hours. I would recommend that we revise the GPA portion of our policy to better support our students in successful completion of their academic program(s) and to more accurately align with federal regulation.

The following chart displays the suggested revision:

Minimum GPA	Credit hours attempted
1.6	0-15
1.8	16-29
2.0	30+

I'm respectfully asking the board to review for first reading the proposed changes described above and provided in the attached document at the May 13, 2024 Board of Trustees meeting. If you have any questions, please feel free to reach out. Thank you.

07.10.01

Financial Aid Standards of Satisfactory Progress

In accordance with United States Department of Education regulations, Lake Land College is required to establish satisfactory progress standards for federal and state financial aid recipients. These standards ensure that only those recipients demonstrating satisfactory progress toward the completion of their educational objectives continue to receive financial aid assistance. These standards apply to all students, regardless of current or previous financial aid eligibility status.

Satisfactory Progress

The Financial Aid Satisfactory Progress Standards are measured each semester and determined by a combination of the following elements:

1. Completion Rate

To continue financial aid eligibility, a student must successfully complete at least 67 percent of the student's official cumulative credit hour enrollment as determined at the end of the "add/drop" period.

Grades of "F", "W", "I", and "U" do not meet satisfactory progress standards. A course for which a passing grade was received may be repeated one time and will count once as completed and twice as attempted. Approved developmental/remedial credits for students enrolled in a program eligible for financial aid will be included in determining satisfactory progress.

2. Grade Point Average

All financial aid recipients must comply with the minimum standard for cumulative Grade Point Average (GPA) regardless if the student previously received financial aid at Lake Land College or any other institution of higher education. Whether or not one has previously received financial aid, recipients must have attained an acceptable minimum grade point average (GPA) required by the College to remain in good academic standing. (See Board Policy 07.26—Academic Standing.) The cumulative GPA for financial aid includes

grades for all courses

Page 1 of 3

attempted at Lake Land College, including developmental/remedial courses. <u>Lake Land College uses an escalating minimum GPA consistent with the school's graduation requirements.</u>

Minimum GPA	Credit hours attempted
<u>1.6</u>	<u>0-15</u>
<u>1.8</u>	<u>16-29</u>
2.0	<u>30+</u>

3. <u>Maximum Timeframe</u>

Regardless of any combination of course work attempted at Lake Land College, a student may not receive financial aid beyond 150 percent of the student's official academic program as measured in semester hours. Attempted credits include all earned, unearned, repeated, and transfer credits. All attempted credits count toward this limit even if financial aid was not received, or the student changes programs or pursues multiple or additional degrees.

4. Warning, Suspension, and Reinstatement

A financial aid recipient not meeting GPA or Completion Rate satisfactory progress standards will be notified and placed on financial aid warning for their next term of enrollment.

A student on warning status who does not then meet satisfactory progress standards following the next term of enrollment will be notified and placed on financial aid suspension and lose financial aid. A student suspended from receiving financial aid must meet the GPA and Completion Rate elements previously described to regain eligibility or follow the appeal procedure. There is no warning status for maximum timeframe; students who reach the 150% maximum will be placed on financial aid termination and no longer be eligible for financial aid.

Appeal Procedure

Because unusual circumstances may influence satisfactory progress, students may file an appeal. Complete details for the appeal procedure

are available from the Financial Aid Office. An in-person conference with a financial aid advisor is required prior to filing an appeal. Decisions of the Financial Aid Satisfactory Progress Review Board are final. A student may appeal only one time for each element.

Programs Covered

Financial Aid programs covered by this policy include: Illinois Monetary Award, Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Work-Study, Federal Direct Stafford Loan (subsidized and unsubsidized), and the Federal Parental Loan for Undergraduate Students.

RE: March 2024 Financial Statement Summary

Outlined below are the budgetary variances of note for the month of March for Fiscal Year 2024.

Areas of Concern:

 We are not experiencing any budgetary areas of concern through the first nine months of FY2024

Overall Variances:

- Revenue Total March 2024 revenue was \$1,229,022 resulting in an unfavorable variance of \$275,709 and an unfavorable YTD variance of \$359,368. We are still experiencing the shortfall of tuition due to the reduced enrollment for Fall 2023. CTE and CPPRT funding were both less than we had anticipated.
- Expenditures Total March 2024 expenditures were \$3,687,124 resulting in a monthly unfavorable variance of \$75,291 and a favorable YTD variance of \$3,697,112. This is a result of lower operational expenditures.

Revenue Variances:

- Local Sources An unfavorable variance exists of \$34,776 for the month and an unfavorable variance of \$833,986 YTD. This is a result of lower than expected CPPRT payments.
- ICCB Credit Hour Grant We received \$305,439 in March 2024 resulting in an unfavorable variance of \$31,581 and an YTD favorable variance of \$802,414. The variance is related to the January credit hour payment that was received from the state was larger than expected. This will normalize as the year proceeds.

- *ICCB Equalization Grant* We received \$587,861 of equalization payments in March 2024 resulting in a favorable variance of \$14,809 monthly and a favorable YTD variance of \$133,282.
 - Tuition & Fees March 2024 yielded an unfavorable monthly variance of \$71,377 for tuition and an unfavorable monthly variance of \$149,514 in fees. Year to date tuition is unfavorable \$757,770 and fees are unfavorable \$118,993. This is a result of a decrease in enrollment for Fall 2023 semester.
- Other State Sources The month to date variance in other state sources is favorable by \$589 with an YTD unfavorable variance of \$51,918. This is due to receiving lower than expected CTE funds.
- Other Revenue Other revenue is unfavorable by \$3,861 for March 2024 and favorable by \$467,603 YTD.

Expenditure Variances:

- Salary & Wages (overall) Are favorable \$115,167 for the month of March 2024 and favorable YTD of \$1,460,660. This is due to the timing of when overload and adjunct pay began in FY2024. This should normalize by year end.
- Employee Benefits (overall) An unfavorable monthly variance in employee benefits exists in March 2024 of \$141,915 and a favorable YTD of \$135,590. This is a result of only passing on part of the premium increase to employees and the remainder will be offset from the Medical Designated fund balance at year end.
- Instructional The Instructional expenditures had a favorable variance in March 2024 of \$17.555 and a favorable variance YTD of \$895.763.
- Academic Support The Academic Support expenditures have an unfavorable variance of \$15,989 for the month of March 2024 and a favorable YTD variance of \$52,516.
- Student Services The Student Services expenditures had a monthly favorable variance in March 2024 of \$12,332 and a favorable variance YTD of \$296,433. This variance is mainly related to the underspending of operational expenses.
- Public Service/Continuing Education The Public Service/Continuing Education had a favorable variance in March 2024 of \$41,064 and a favorable variance YTD of \$380,892. This is attributed to lower operational expenses.
- Operations & Maintenance The Operations and Maintenance expenditures were \$8,292 favorable to budget in March 2024 and a favorable YTD variance of \$378,782. This is a result of lower utilities than budgeted and also delayed purchases of equipment for the Effingham Technology Center.

- Institutional Support The Institutional Support expenditures were \$137,613 unfavorable to budget in March 2024 and \$2,052,253 favorable to budget YTD. The large favorable variance is related to lower operational spending YTD.
- Scholarships, Grants, Waivers The Scholarships, Grants and Waivers area had an unfavorable variance for March 2024, of \$932 and an unfavorable variance of \$359,526 YTD. This is a result of the timing of when scholarships and tuition waivers are applied to student accounts.

OTHER FUNDS

Fund 03 - Operational and Maintenance Restricted Funds

• Year to date, the revenues are favorable to budget by \$252,631 and expenditures were favorable by \$2,259,338 for a favorable net excess of \$2,511,969. This is a result of slower than anticipated construction projects.

Fund 04 - Bond and Interest Fund

• Year to date, the revenues were over budget by \$215,063 and expenditures were over budget by \$73,681 for a net variance of \$141,382.

Fund 05 - Auxiliary and Enterprise Funds

• Year to date, the revenues were favorable to budget by \$219,647 and expenditures were unfavorable to budget by \$341,161 for a net excess of a negative \$121,514.

Fund 06 – Restricted Funds

- Year to date, overall revenue is \$14,244,671 unfavorable to budget.
- Year to date, overall expenditures are \$10,415,461 favorable to budget.
 - o Fund 06 is our restricted purposes fund where we record grants and third-party spending such as IDOC and DJJ. The grant document or IDOC/DJJ contract dictates what we will receive as revenue and the same amount is allocated for spending. We are only reimbursed based on what we actually spend so the revenues and the expenses will always equal at year end.

Fund 11 - Audit Fund

• Year to date, the revenues are unfavorable to budget by \$10,393 and expenditures were unfavorable to budget by \$1,729 for a net negative \$12,122.

Fund 12 - Tort Fund

• Year to date, the revenues are favorable to budget by \$35,574 and expenditures were unfavorable to budget by \$201,371 for a net negative \$165,797.

RE: Surplus Items

As part of the Master Plan, furniture for several classrooms and commons areas in the Northwest Classroom Building along with rooms in the Field House were replaced. This furniture includes folding tables, chairs and Nova desks among other things. We will first offer these items to other campus areas and anything remaining after that point will be disposed of in ways that will best benefit the College financially. Those routes could include sales to individuals, auction house consignment, and/or wholesale purchasers.

I recommend declaring these item as surplus materials and seek authorization to dispose of them in a manner most beneficial to the college.

RE: Surplus Items

As we prepare for the closing of the Pathways to the Future Alternative High School, we have identified items to declare as surplus. The Pathways program has five classroom locations on and off campus. The items to surplus will include, but not be limited to, furniture and instructional supplies. The instructional supplies are made up of textbooks, workbooks, board games, sets of paperback novels and table top instructional aids. As this program transitions, the current teaching staff will be moving to partnering school districts. We would like to first offer these items to current teaching staff and school districts, anything remaining will be disposed of in ways that will best benefit the College financially. Those routes could include sales to individuals, auction house consignment, and/or wholesale purchasers.

I recommend declaring these item as surplus materials and seek authorization to dispose of them in a manner most beneficial to the college.

RE: Continued Employment of Grant Funded Employees

I respectfully request the Lake Land College Board of Trustees approve the sending of honorable termination notices to all permanently federally grant-funded, full-time and part-time employees of Lake Land College. When and if contracts are received for these grants, I also request the authorization to rescind these termination notices and reemploy affected personnel. Although this is a practice we regret having to enact, we feel it is in the College's best interest in the event the anticipated grant funds are not received.

RE: Acceptance of FY24 NSF ATE Grant

Lake Land College has received a three-year grant for \$349,741 from the National Science Foundation (NSF) Advanced Technological Education (ATE) program. This grant program was established to support two-year institutions as they educate technicians for the high-technology fields that drive our nation's economy.

The overarching goal of this grant project is to meet local industry need for skilled automation technicians. The Technology Division will create two levels of certification in automation through the Applied Engineering Technology Program. The Automation Technician Specialist I and II certifications will respond to the need for access to educational opportunities, materials, and resources and meet the demands for maintaining education-work-life balance for traditional and non-traditional students. The project will (a) collaborate with local industries to develop a flexible curriculum based on industry input and standards that prepares students/workers; (b) implement effective open lab operations and processes; and (c) create a long-term recruitment plan that will build relations with local high schools and enable students to work with tools and automation starting at a young age, as well as recruiting incumbent workers who are seeking up-skilling opportunities.

I respectfully request that the Board of Trustees accept this grant award.

NMR spectrometer

Memo

During the FY 2024 the Math and Science Division is requesting a high resolution 60 MHZ NMR spectrometer for use in the chemistry department. This spectrometer is a unique spectrometer in that it only weighs about 55 pounds. This allows it to sit on a bench top and it allows it to be moved to any location.

This spectrometer is unique to Nanalysis Corporation due to its portability. Nanalysis is the only company to offer a benchtop NMR spectrometer that can be truly portable. Bench top models from other companies weigh over 200 pounds and could not be easily transported. The instrument is also unique in that it is self-contained. It can be utilized without being permanently associated with a computer. Due to these unique specificities, this purchase will not require a competitive bid. We have obtained the following two quotes from Nanalysis:

\$42,362.50 (Basic NMR spectrometer with ¹H and ¹⁹F capability, Perpetual license for MNova processing software, and Remote Training

\$58,999.50 (Basic NMR spectrometer with ¹H and ¹⁹F capability including upgrade for ¹³C scanning capability, Perpetual license for MNova processing software, and Remote Training) Since the company knows our intent to purchase something, this package has been discounted by an additional \$9263.00 compared to the original quote.

I respectfully request your approval to proceed with this purchase in the amount of \$42,362.50 (for ¹H and ¹⁹F only) or \$58,999.50 (to include ¹³C).

I will be available for any questions you may have. Thank you for your time.

Subject: John Deere Equipment

Memo

During the FY 2024 Ullrich Grant proposal John Deere Tech requested AMS Diagnostic Tools and accessories for use in the John Deere Tech program.

Due to this being a specific item to work within the other John Deere equipment in our John Deere Tech program this purchase will not require a competitive bid. We did however obtain a quote. The quote is

John Deere \$41,915.00

I respectfully request your approval to proceed with this purchase in the amount of \$41,915.00 from John Deere.

I will be available for any questions you may have.

WARRANTY FOR NEW JOHN DEERE AGRICULTURAL EQUIPMENT AND LIMITED WARRANTY FOR NEW TURF & UTILITY EQUIPMENT (US & CANADA ONLY)

A. GENERAL PROVISIONS – With respect to purchasers in the United States, "John Deere" means Deere & Company, 1 John Deere Place, Moline, IL 61265, and with respect to purchasers in Canada, "John Deere" means John Deere Canada ULC, 295 Hunter Road, P. O. Box 1000, Grimsby, Ontario L3M 4H5. The warranties described below are provided by John Deere to the original purchasers of new Agricultural, Turf and Utility Equipment ("Equipment") purchased from John Deere or authorized John Deere dealers (the "Selling Dealer"). These warranties apply only to Equipment intended for sale in Canada and the US. Under these warranties, John Deere will repair or replace, at its option, any part covered under these warranties which is found to be defective in material or workmanship during the applicable warranty term. Warranty service must be performed by a dealer or service center located in Canada or the US, and authorized by John Deere to sell and/or service the type of Equipment involved (the "Authorized Dealer"). The Authorized Dealer will use only new or remanufactured parts or components furnished or approved by John Deere. Warranty service will be performed without charge to the purchaser for parts and/or labor. However, the purchaser will be responsible for any service call and/or transportation of Equipment to and from the Authorized Dealer's place of business (except where prohibited by law), for any premium charged for overtime labor requested by the purchaser and for any service and/or maintenance not directly related to any defect covered under these warranties. These warranties are transferable, provided an authorized John Deere dealer is notified of the ownership change, and John Deere approves the warranty transfer.

B. WHAT IS WARRANTED – Subject to paragraph C, all parts of any new Equipment are warranted for the number of months or operating hours specified below. Each warranty term begins on the date of delivery of the Equipment to the original purchaser, (except for certain agricultural tillage, planting, cultivating, harvesting, and application Equipment which may have a delayed warranty start date, but only if established by John Deere and noted by Selling Dealer on the Purchase Order). Included In 5E Series Tractor and Compact Utility Tractor Powertrain Warranty - Engine: cylinder block, cylinder head, valve covers, oil pan, emissions control components, timing gear covers, flywheel housing, and all parts contained therein. Powertrain: transmission, transmission case, differential and axle housings, clutch housings, MFWD front axle assembly, and all parts contained therein (does not include external drivelines, dry clutch parts, or steering cylinders). SWEEPS, SHOVELS, PLOWSHARES, AND DISK BLADES: A replacement part will be furnished without charge if breakage occurs and the amount of wear is less than the wear limits established by John Deere.

RE: Printing and Mail Preparation for the Summer 2024 Magazine/Class Schedule

In April, Marketing & Public Relations issued a bid for the Printing and Mail Preparation of the Summer Magazine/Class Schedule. The bid was emailed to 23 companies and published on the college's bid website.

Two companies responded. The team evaluated the bid documents and samples. The company providing the lowest bid meeting specifications was FCL Graphics of Harwood Heights, Illinois.

I respectfully request the Board approve the bid of \$27,517 for the printing and mail preparation of the Summer 2024 Magazine/Class Schedule from FCL Graphics of Harwood Heights, Illinois.

Re: Approval of Bid for CDL Forklift and Clamps

Attached is a bid tabulation sheet detailing bid information for a forklift and clamps to be used by the CDL Program. This equipment will be purchased with the ICCB Noncredit Workforce Training Initiative Grant funds.

For the bidding process, we advertised in major daily in-district newspapers and on the College's Facilities website. Below is a listing of the bids that were received:

<u>Name</u>	Internal Combustion Lift Truck	<u>Carton Clamp</u>	Paper Roll <u>Clamp</u>	<u>Total Bid</u>
Fitzgerald Equipment MacKinaw, Illinois	\$34,299.25	Option 1 \$14,306.50 Option 2 \$10,655	\$17,248.58	\$65,854.33 \$62,202.83

Re: Approval of Bid for CDL Lot Seal & Stripe Project

The College recently solicited bids for the CDL Lot Seal & Stripe project to create an instructional parking area for the CDL Program.

For the bidding process, we advertised in major daily in-district newspapers and mailed proposals to all interested contractors. A total of three bids were received from area contractors. Below is a listing of the bids that were received:

Name Total
Asphalt Improvement \$15,250

Mattoon, Illinois

WEP Asphalt \$47,000

Lawrenceville, Illinois

Tiles in Style LLC

South Holland, Illinois \$49,786

Based on the bids received, I recommend that we award this bid and initiate a contract with Asphalt Improvement of Mattoon, Illinois, for the CDL Lot Seal & Stripe project.

Subject: Approval of Technology Rev Up Electric Vehicle (EV)

Grant Equipment/Tools Purchase

During the FY2024 fiscal year, our Technology Division was awarded the Rev Up EV grant through ICCB. Within the grant budget, the College requested tool kits to train students in **the** Automotive Technology Program in electric vehicle (EV) maintenance and repair.

During the April 2024 meeting, the Board approved the purchase of three different master tool kits (EV Maintenance Kit: EVTECHCARTO) from Snap On tools at a total cost of \$37,202.25.

The Automotive Technology Program respectfully notifies you that while configuring the equipment requirements for this new EV program, they propose a reduction to two master tool kits (EV Maintenance Kit: EVTECHCARTO) rather than three, totaling \$24,801.50 and allocate the remaining approved funds of \$12,400.75 to fulfill the additional request detailed below, as they deem it beneficial for the program's interests.

The Automotive Technology Program is subsequently seeking your approval to purchase additional Snap On tool EV kits for the additional cost of \$46,276.11. This would include specifically:

- 1. Meter Cert Kit W/EEDM596F: 596FMETERKIT (1 Kit)
- 2. Electrical Intro Cert Kit: ELIMCAETCERTKIT (2 Kits)

With the item reduction from the pre-approved amount in April and the additional request, the grand total of the equipment requested from the two requests, amounts to \$71,077.61. I respectfully request your approval to issue an additional payment of \$33,875.36 to Snap On for all of this equipment. See table below.

Description: Part #	Qty	Each	Total
EV Maintenance Kit: EVTECHCARTO	2*	\$12,400.75	\$24,801.50
*3 approved, 2 to be purchased.	TOTAL \$24		\$24,801.50

RE: Student Accident Insurance

Our Student Accident Coverage and the Student Catastrophic Coverage will expire on August 1, 2024. The student accident insurance provides coverage for student athletes who suffer a loss resulting from bodily harm sustained during practices and games, during travel to and from practices or games when traveling in a college vehicle during conditioning and training in the off season and conditions that are caused by overexertion, stress or strain on joints, tendons etc. when participating in the college sanctioned events. This coverage provides up to a lifetime value of \$35,000 per covered injury. The Catastrophic coverage is for covered injuries in excess of the \$35,000 limit.

The renewal of the student accident insurance is a cost of \$53,900 versus the previous year cost of \$44,850. This is an increase of \$9,050 or a 20% increase. This large increase is driven by the dollar amount of claims we incurred below the \$35,000 threshold. Over the last 3 policy years our claims have increased from 13 claims with a value of \$37,015.78 in policy year 2020/2021 to 43 claims at a value of \$68,745.92 or 85.7%.

The renewal of the catastrophic coverage is a cost of \$6,003 versus the previous year cost of \$6,546. This is a reduction of \$543 or 8%. This reduction is a result of less catastrophic claims in previous years.

Dimond Bros. approached multiple insurance carriers for this renewal.

I respectfully request the board approve the renewal of the Student Accident and Catastrophic coverage for August 1, 2024 through July 31, 2025.

I will be available should you have any questions. Attachment

RE: Purchase NEOGOV Learn LMS

Human Resources would like to purchase NEOGOV Learn Learning Management System (LMS) to replace our SafeColleges LMS. We currently use SafeColleges LMS for new employee training and annual compliance training for the College. SafeColleges LMS was adopted as a low-cost solution which enabled HR to meet regulatory and compliance training needs. However, there were some limitations encountered such as limited training course library, inability to allow supervisors to see or manage their staff training status, and inability to customize the platform and courses for Lake Land College needs.

In 2021, Lake Land implemented NEOGOV as our Human Resource Management Suite. The initial investment was for the Onboarding and eForms modules. In the following few years, we have implemented the Recruiting and Performance Management modules. The Learn module will integrate seamlessly with all the other NEOGOV modules and resolve all of the aforementioned issues we had with SafeColleges LMS. NEOGOV's integrated, cloud-based modules were specifically developed to meet the unique needs of public sector HR teams by automating and supporting the entire employee lifecycle, streamlining processes and diversity initiatives, all from one centralized platform.

ISS negotiated a 2-year agreement that included a reduced annual subscription cost and a 61% discount of the one-time setup fee. The year 1 costs \$21,874.00 (Learn Subscription) and \$2,574.00 for the one-time setup fee for a total of \$24,448.00 in year 1. The year 2 cost is \$22,967.70 (Learn Subscription). This comes to a 2-year grand total of \$47,415.70 for this agreement.

These services and supplies are exempt from bidding requirements as stated in the Illinois Public Community College Act Chapter 110 ILCS 805/3-27.1, exemption (f) which reads, "purchase and contracts for the use, purchase, delivery, movement or installation of data processing equipment, software, or services and telecommunications and inter-connect equipment, software and services."

I respectfully request the board approve a 2-year renewal agreement for NEOGOV Learn for a grand total of \$47,415.70. Year 1 cost of \$24,448.00 will be paid through the "One-Time Budget Request" Fund Balance monies from the FY 2024 budget. The year 2 cost of \$22,967.70 will be added to the ISS FY26 budget.

RE: Install HyFlex equipment in Conference Rooms 101 and 270 at ETC

ISS would like to install HyFlex equipment in Conference Rooms 101 (main conference room on first floor) and 270 (Executive conference room on second floor) at the Effingham Technology Center (ETC). This will equip these rooms with the same HyFlex technology used at the main campus in Mattoon. ETC is in a transitional phase of architectural design but these two conference rooms and the executive offices are being utilized periodically. The August Board of Trustees meeting is scheduled to be in Effingham and the desire is to host the meeting in Room 101.

ISS is working with OneRoom, formerly Synapsis, of Springfield, IL as our implementation and support partner for this installation. OneRoom has been our HyFlex technology partner for our REDS distance learning and previous HyFlex installs throughout the Lake Land campus. The quoted cost for equipment, installation, and support of HyFlex in these rooms is \$37,061.00 for Room 101 (See Figure 1) and \$16,377.90 for Room 270 (See Figure 2).

Subject: Proposed Changes to Board Policy 07.05 # 6 Re: testing retests

This memo is to request a change in Board Policy 07.05 (item #6) to reflect the removal of a board-mandated specific re-testing allowance in the Accuplacer policy. After discussion with the Developmental Ed Committee, Department Chairs, the Testing Center, the college HLC representative, and Academic Standards Committee, invested parties are in agreement that the inclusion of the placement testing retest amounts and procedures should not be codified in the board policy. We are proposing to strike that from the College board policy and leave it to the procedures of the Tutoring and Testing Center to enforce procedures based on the retest recommendations of the aforementioned group. This was determined in careful consideration of best practices, the need to serve our students more effectively, and being mindful of the rapidly changing environment of core college course placement, which has been increasingly legislated in the past several years.

One example of how this change will positively impact our students is, under the current policy, if a high school student takes the test as a sophomore, then again as a junior for Dual Credit, they can't test again for four years. They would be out of Lake Land by that time. This can be a significant barrier for students seeking to improve their scores. The proposed changes are attached to this Memo.

The process that will be adopted in the Tutoring and Testing Center is to allow students to retest up to two times per academic year. They will need to wait 48 hours between taking the test again. The current fee of \$5 per subject will be charged for each test/retest. We are respectfully asking for the Board of Trustees to consider waiving first and approve these changes at the May 2024 meeting in order to have a positive effect on incoming students for both Summer and Fall 2024 semesters. I am happy to answer any questions from interested parties. Thank you.

Course Placement by Assessment

All degree-seeking students must demonstrate initial placement levels for reading, English and mathematics prior to registration.

All non-degree students who wish to enroll in an English or mathematics course must also demonstrate initial placement level as part of the prerequisite prior to course enrollment.

Lake Land College assesses multiple measures in determining initial placement levels as follows. Placement will be determined in accordance with the highest scores achieved through the multiple measures and any specific academic program requirements. Depending upon the students' placement level, completion of developmental courses may be required for specific courses in reading and English.

1) ACT or SAT college entrance exams

Students who choose to utilize ACT or SAT college entrance exam scores for placement must present, or have on file in Admissions and Records, a copy of their test scores. Students are encouraged to request that a copy of their ACT or SAT scores be sent to Lake Land College at the time of testing.

2) GED test scores

Students who wish to utilize GED test scores for placement must present, or have on file in Admissions and Records, a copy of their GED test scores.

High school grade point average (GPA) and completion of four years of English and/or mathematics

Students who wish to utilize this option for placement must present, or have on file in Admissions and Records, a copy of their high school transcript.

4) Completion of high school transitional English and/or mathematics with a grade of C or better

Students who wish to utilize this option for placement must present, or have on file in Admissions and Records, a copy of their high school transcript.

5) Previous college credit

Students who have successfully completed thirty (30) semester hours of college course work in good standing at a regionally accredited college or university may have met the reading placement requirement. Students who have previously completed college-level English and mathematics courses may have met the English and mathematics placement requirement. In order to be considered for placement based on transfer credit students must present, or have on file in Admissions and Records, documentation of their previous college work. (Some vocational programs may require use of other instruments.)

6) Completion of placement testing in reading, English and mathematics

The ACCUPLACER test is administered through the Lake Land College Tutoring and Testing Center. Students may test and retest once in each subject area. If four or more years have passed since a student's last retest, the student may complete one additional retest in each subject area. A minimal fee is charged for each retest.

Students may choose to take the Accuplacer exam at Lake Land
College through the Testing and Tutoring Center or may present a
copy of ACCUPLACER test scores completed at another college.

Students may also present, or have on file in Admissions and Records, a copy of ACCUPLACER test scores completed at another college.

Placement levels for reading, English and mathematics courses based on the multiple measures are presented on the Tutoring and Testing Center website and are available in Admissions and Records and Counseling Services.

RE: Approval of the WIOA Title 1 Service Provider

Lake Land College serves as the fiscal agent for the Workforce Investment and Opportunity Act (WIOA) in Local Workforce Area (LWA) 23. As part of the fiscal agent contract, Lake Land College agrees to accept on behalf of the CEO all grant funds associated with Title IB WIOA. The current Title IB Service Provider contact will be expiring on June 30, 2024. The Request for Proposal was released and a selection committee consisting of WIOA Board Members made a recommendation to the WIOA LWA #23 Planning and Oversight Committee on Thursday, May 1st, 2024. This recommendation was taken to the WIOA LWA #23 Board on Monday, May 6th, 2024. The recommendation was to approved CEFS Economic Opportunity Corporation as the WIOA 1B Service Provider.

At this time, we would like to recommend CEFS Economic Opportunity Corporation as the WIOA LWA #23 Title IB Service Provider starting on July 1, 2024 through June 30, 2027. CEFS Economic Opportunity Corporation has been the WIOA Title 1B Service Provider for several years. We feel very confident CEFS Economic Opportunity Corporation will provide the WIOA Title 1B service to our community member located in LWA 23.

Based upon past contract allocation adjustments, it is anticipated that annual allocations with this new contract will range from \$2 - \$3 million each year for an estimated average value of \$6-\$9 million over the three years, and possible value of over \$10 million with the potential fourth year extension option.
