What if a student does not qualify at the end of 7th semester but changes rank to qualify at the end of 8th semester? Are they still eligible for the scholarship?

One great aspect of the scholarship is that it provides multiple opportunities for a student to qualify. Students may qualify based on rank at the end of their 7th or 8th semester as well as by taking the ACT/SAT as many times as they would like. If a student does not qualify at the end of 7th semester but does at the end of 8th, he/she is still eligible to receive the scholarship.

Can students re-take the ACT/SAT to try to score high enough to receive the scholarship?
